

**AUBURN UNIVERSITY SCHOOL OF NURSING  
PRECEPTORSHIP SITES**

<p>Hospitals marked with a * have not placed AUCON students recently and may be more difficult to secure. If you choose one of these hospitals as your 1st or 2nd choice, please also list an alternative location without a * to ensure we have a viable placement option for you.</p>	<p>Hospitals marked with a ** are facilities we <i>may</i> have a contract with, but we have not previously used for student placements. Because of this, you must already know someone at the hospital or have an existing relationship there in order to request a placement. Please be aware that securing a placement at these sites may be more challenging.</p>
